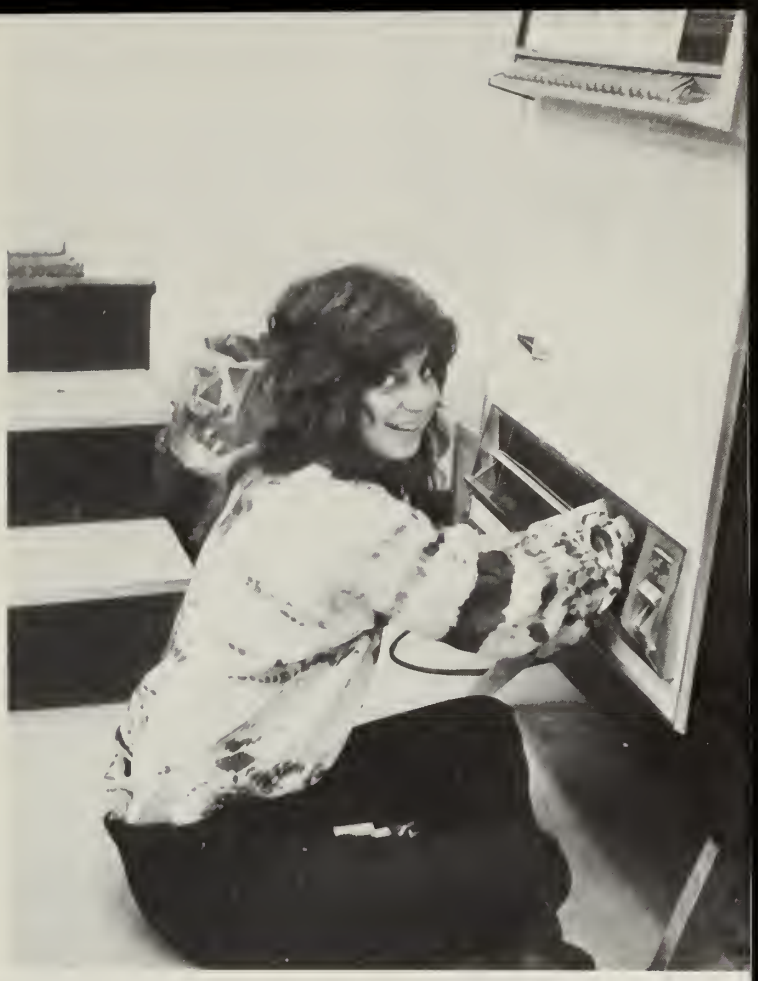
SEE YA LATER

candids

ZAP!

What an experience
it was



By accident you put your money in my machine.

You'll feel better afterwards and so will those you love.

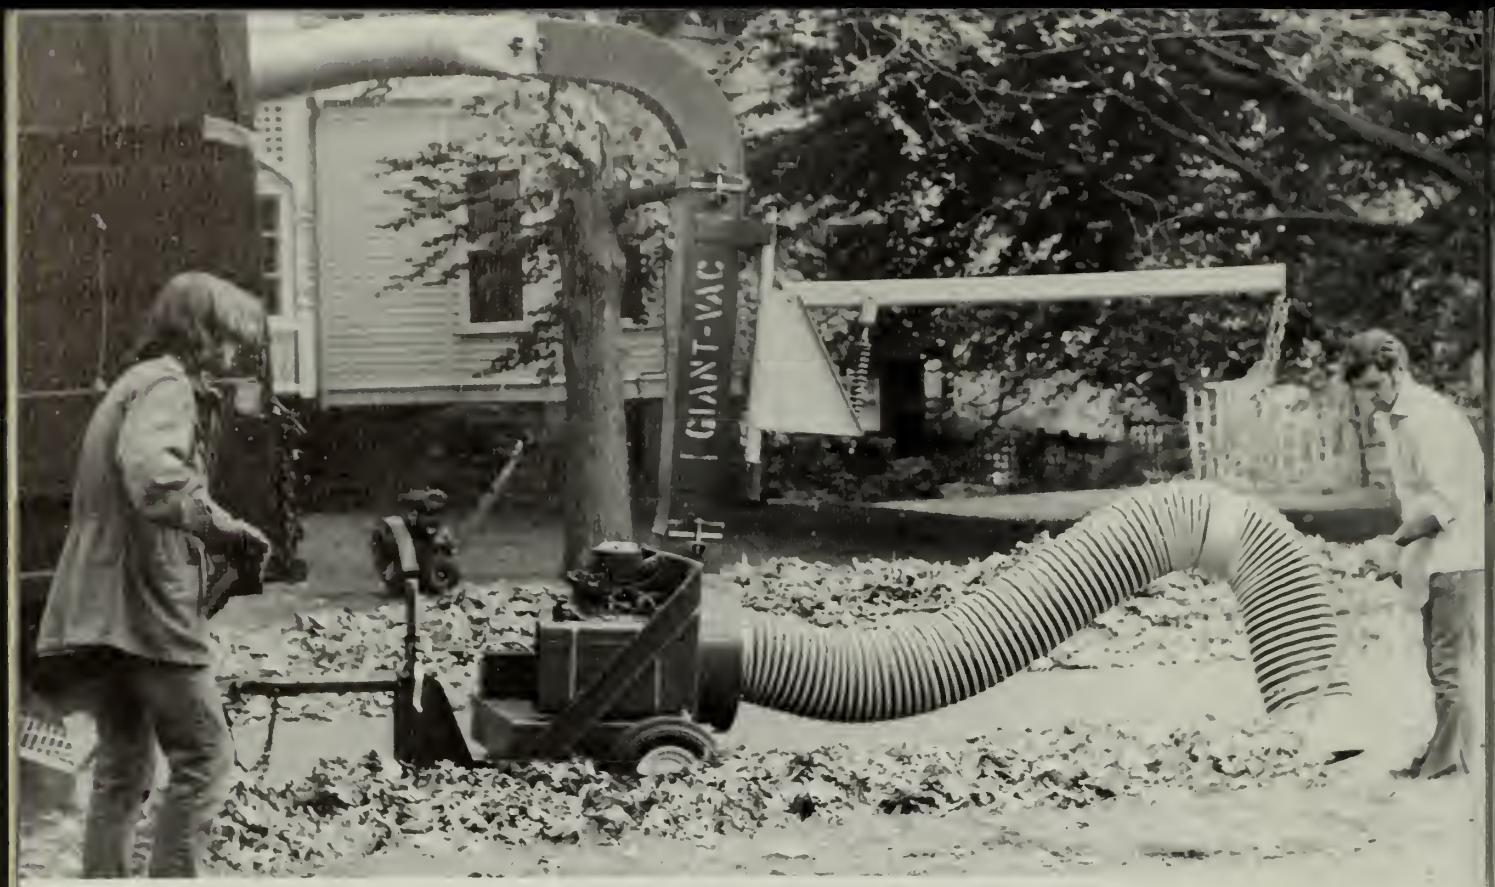
People hurry by so quickly—don't they hear the melodies?

Discipline is a part of creativity

Now the curtain opens on a portrait of today.

A smile costs nothing
yet gives so much.

Only as we can laugh
at ourselves are we
nobody else

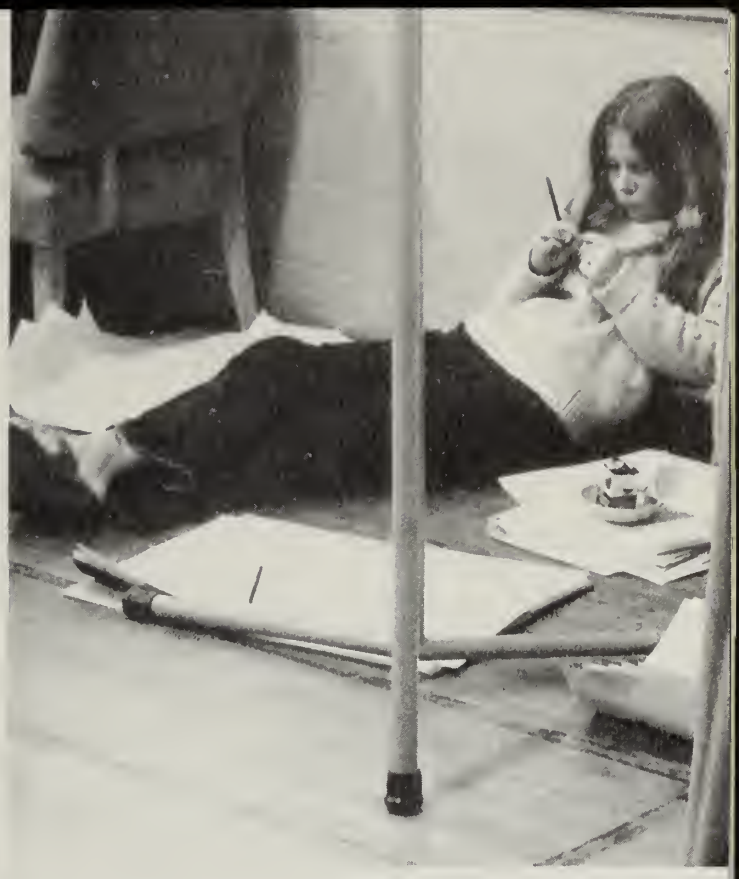


I may be in the gutter, but I'm looking at the stars.

Your house is your larger body. It grows in the sun and sleeps in the stillness of the night.

If he is indeed wise he does not bid you enter the house of wisdom.

I lift the toilet
seat as if it were
the nest of a bird
and see the cat
tracks all around
the edge of the bowl.



Every artist dips his brush in his soul, and paints his own nature into his painting.

I am who I am and you are who you are.

Let me say it, let me play it, let me lay it on you.

I exist as I am. That is enough.

I see nature
through the eyes
of God.

Adventure is not in the guide book and beauty is not on a map.—Seek and you shall find.

My teachers could easily have ridden with Jesse James for all the time they stole from me.

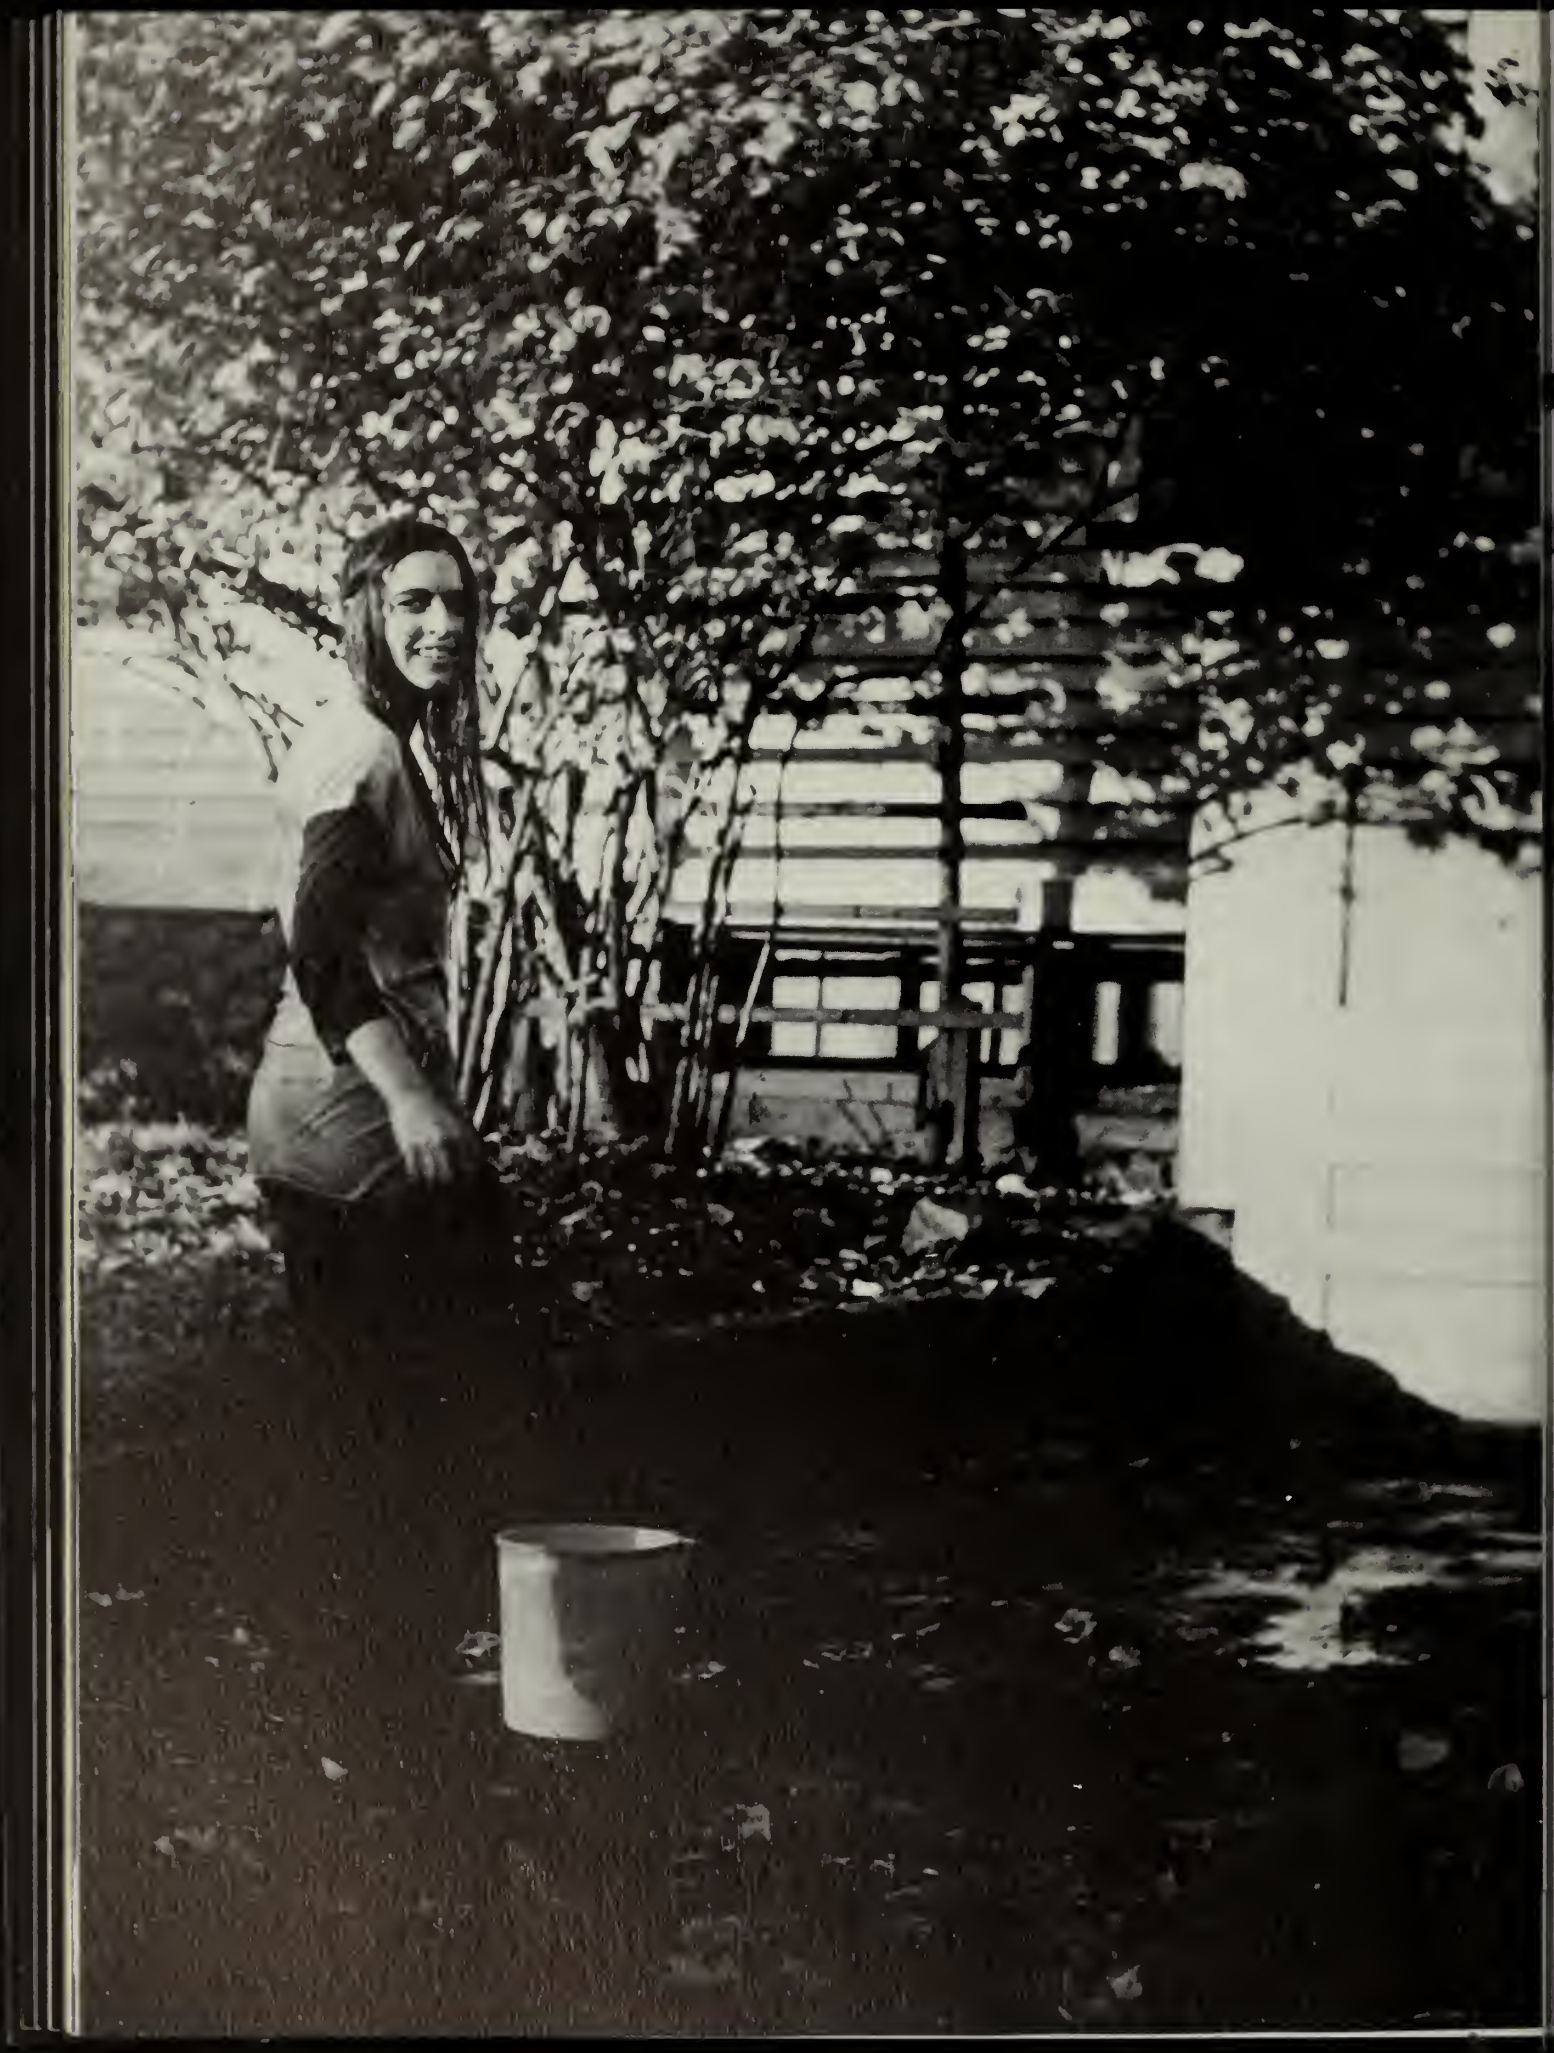
Wouldn't you know—another day of filling my stomach
with ____!

First thing in the morning with your coffee and flem.

I feel like I've been working overtime, overtime.

Reach out for someone to communicate is the beginning of understanding.

Someday they'll wake up and find it was all real.



You must yet become as a child and without shame. The pride of youth is still upon you; you have become young late; but whoever would become as a child must overcome his youth too.

Slow down you move too fast.

Everytime I see him, I think: Gee I'm glad he's not my old man.

Do you think of me as often as I think of you?

Don't it always seem to go that you don't know what you've got til it's gone.

God knows we try
to do the best we can.

The little rascals.

As the sun colors flowers—so does art color life.

You don't need a horoscope or a microscope to see the mess you're eating!!!

Funny day—
looking for laughter
and finding it there.

Drinking wine this afternoon, I realized
the days are getting longer.

PHEW!

art and literature

We give you this book as a memory . . .

A volume filled with all the thoughts and dreams

and recollections of persons, places, and things

that have been. When its opened, all the joys

and sorrows can spill forth to make you light-

headed in a moment of depression of sorrowful in

a time of happiness . . . a collection into which you

can reach back and pull out a forgotten experience

and share with yourself again that moment . . .

to a friend

a friend, a best friend, is similar

to a lover in that you care very much

about them. When they are worried

you are worried. You lend your ear

for their problems to be cried upon when

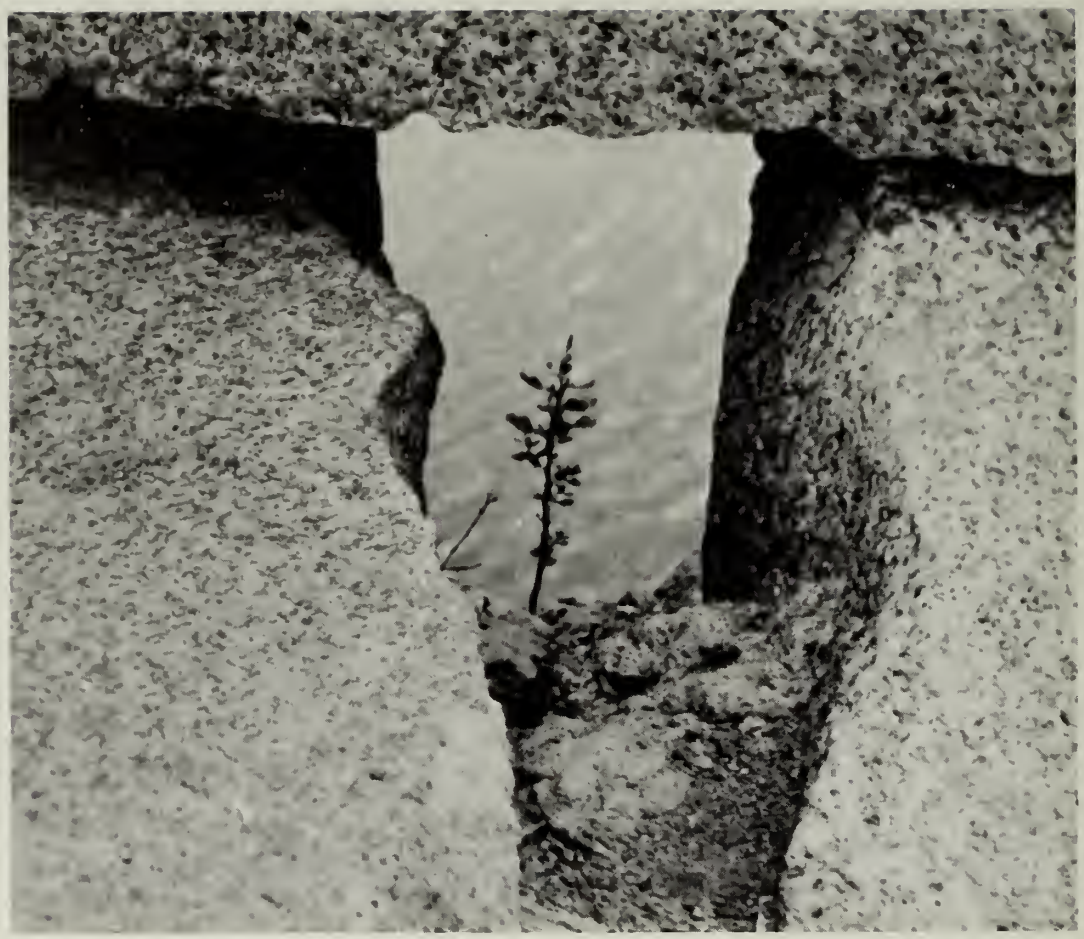
needed. You are happy when they are

happy and you are not lonely as long as

you have your friend.

from a friend

—jacquelyn hunt



music floats through the room

the sun and trees eminate grandeur

each beat plays in harmony with life

its tune is lively and happy.

every note or so strikes heavily on solitude

loneliness sometimes is good

it brings forth all feelings

to make one whole.

to be whole is to be

happy

sad

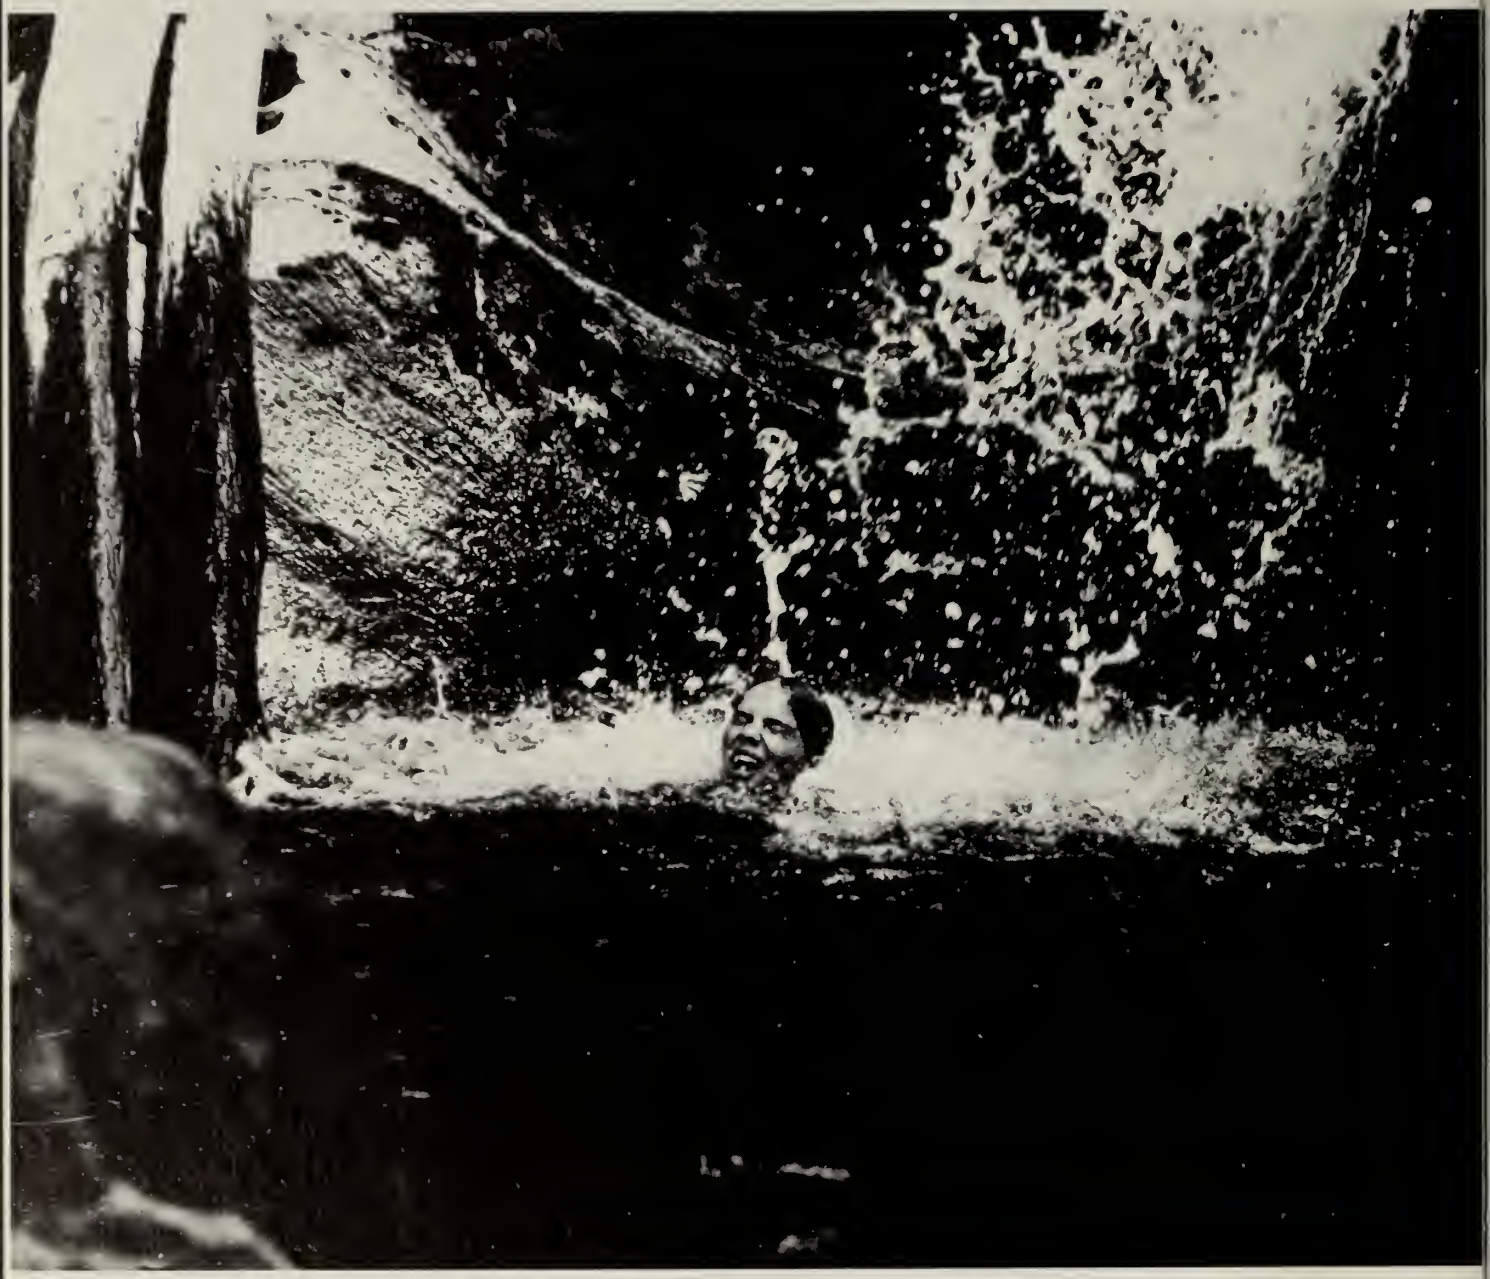
vibrant

lonely

and much much more

its to be me

— jacquelyn hunt



There must be something better to do
than crush out what's left of a
marlboro cigarette on top of a
coke can.

The records shut themselves off —
and I lost three games of jacks today
It was one of those do nothing days.

. . i stop

and close my eyes, for a moment

to think of you

falling softly back, to where it all began.

we talked, about nothing . . . being polite

. . you said something and i related

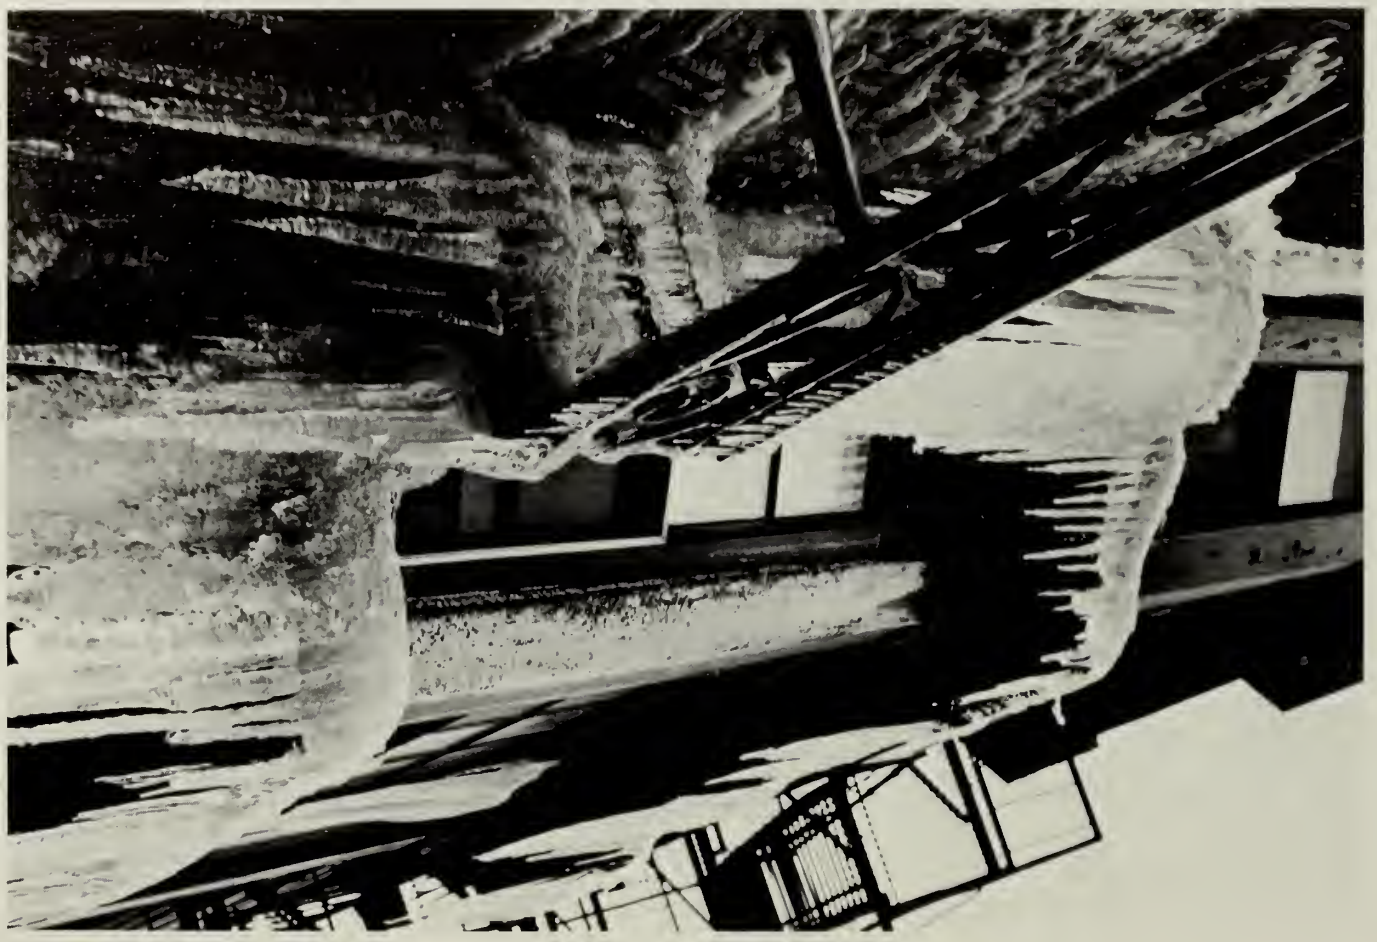
we laughed . . and for a moment, the

outside world was forgotten.

. . and it became easier, i opened myself

to you . . .

and we began our search together . . .



My solitude is my sanctity

don't question it—

I don't let anyone trespass through my mind

Accept me for what I am and don't make me

a carbon copy of your other friends.

Emptiness

The rooms were barren

and then . . .

personalities developed

within the four walls

The corridor echoed with

laughter and tears

—after a year—

The rooms were barren and it was as if

it never was.

KATH

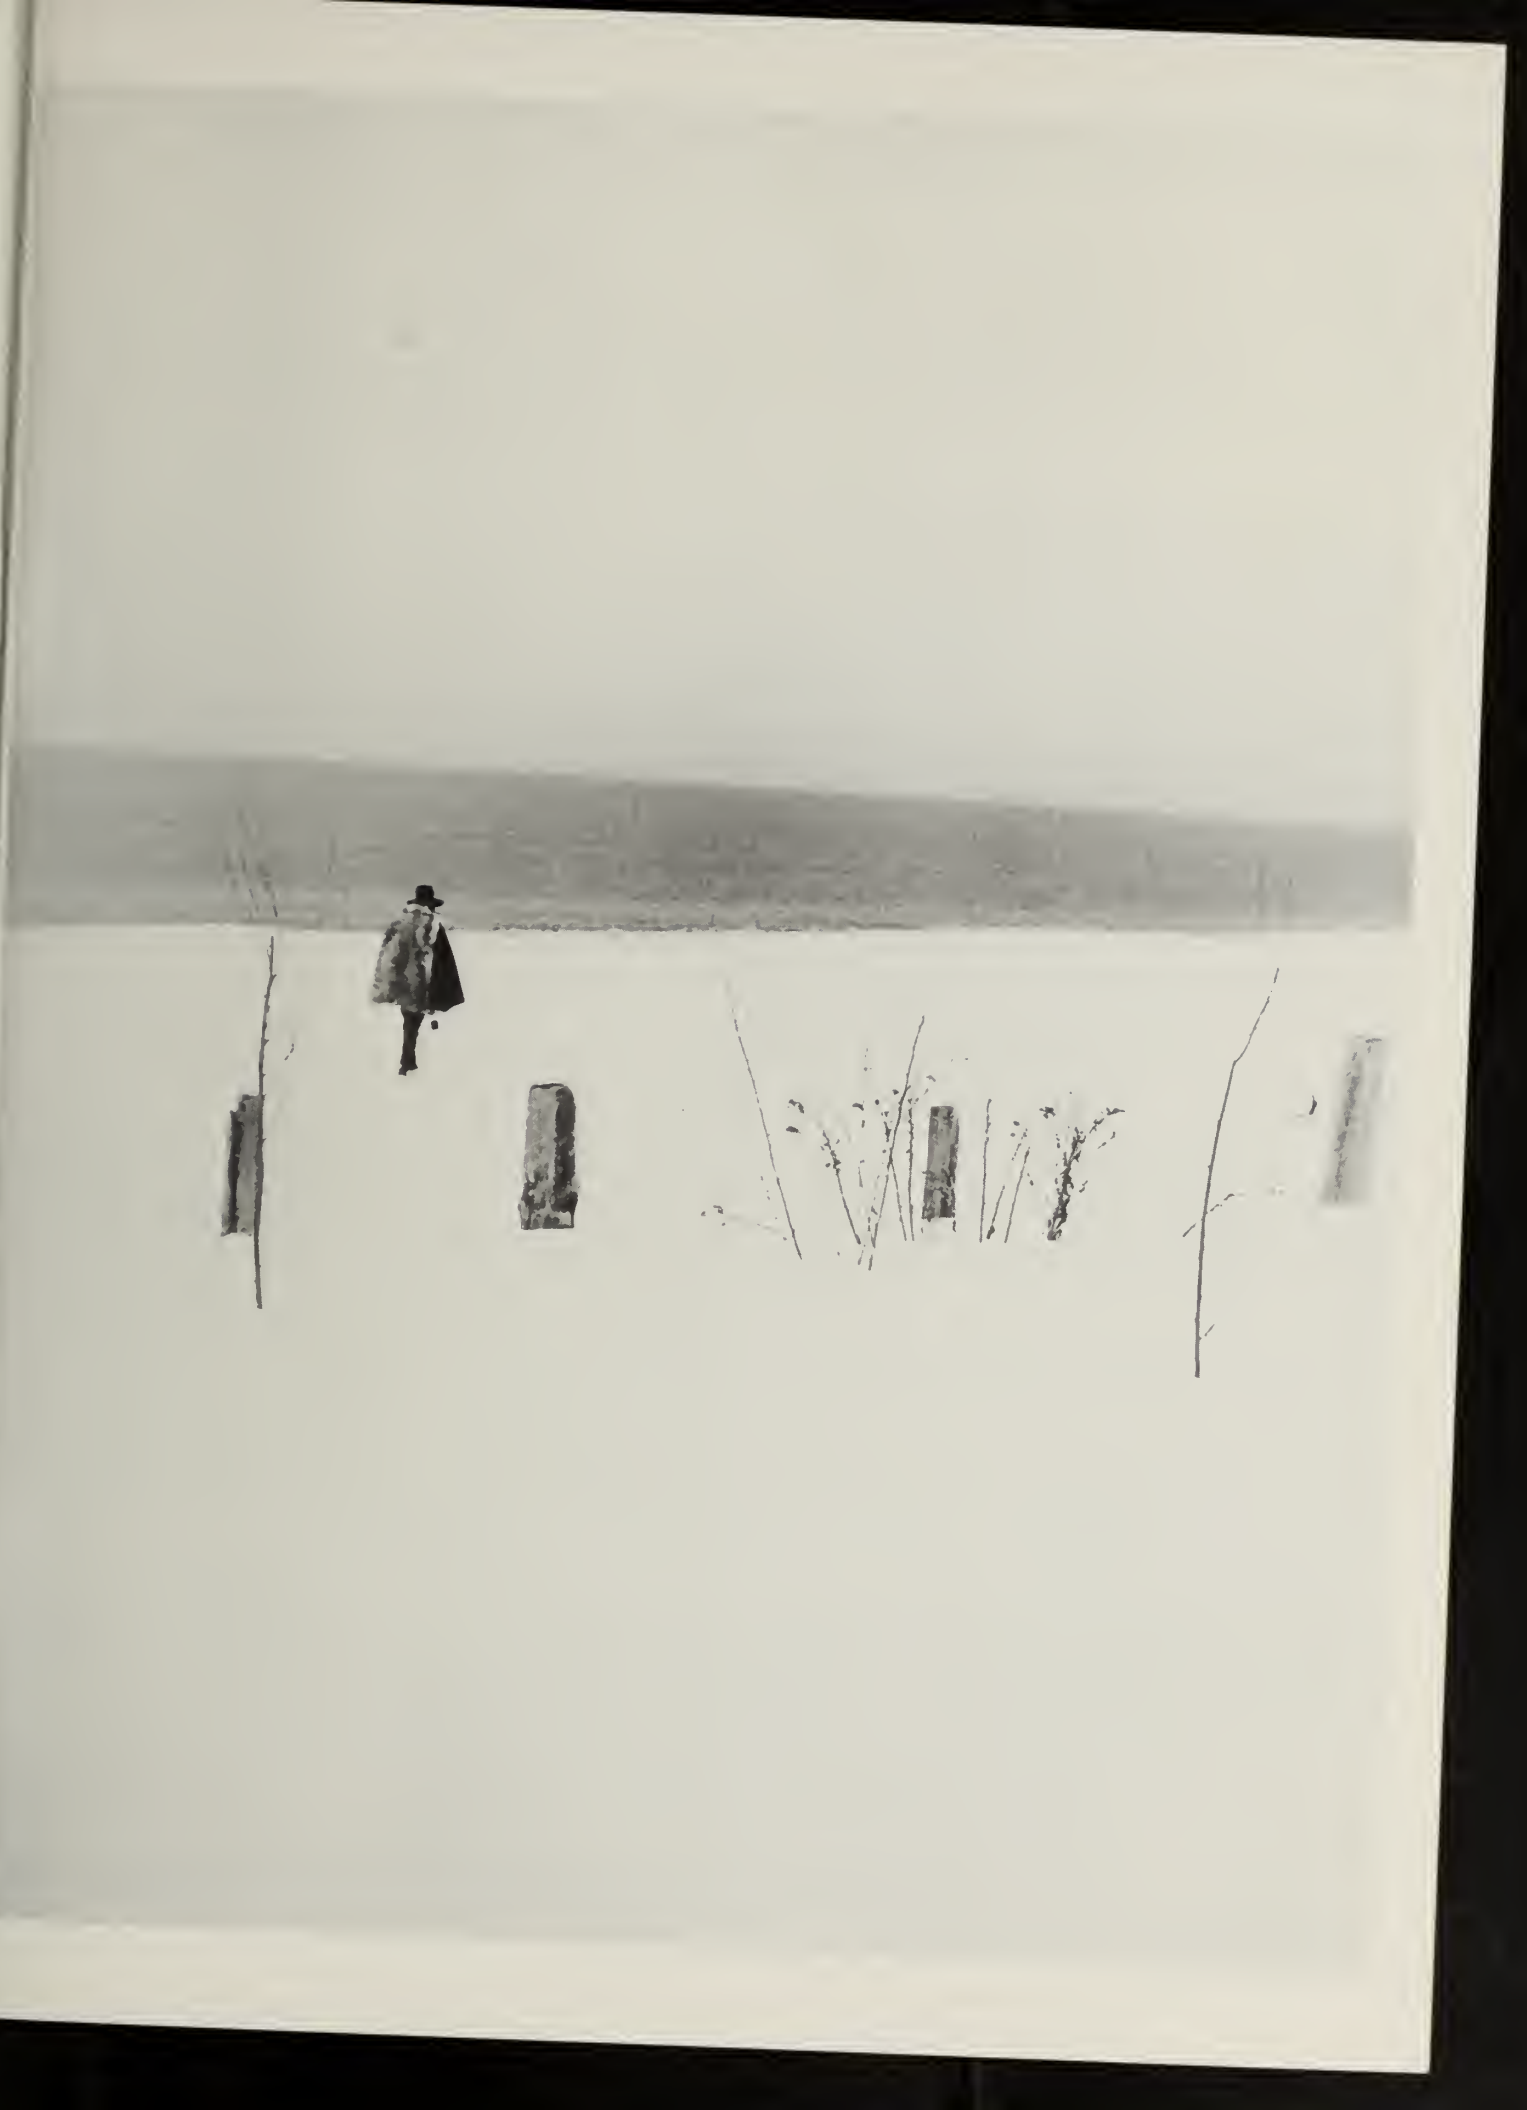
The other night I had a dream. We were both riding horses through this vast, beautiful country. We were alone, and there were tall mountains, deep canyons, and large forests with small streams running through them. The sun was shining and we just kept on riding until we came to one of the small streams. Then we lay down beside it and made love. But the most beautiful part about it was we were all alone. There was no-one to stop us, spy on us or caution us against anything. We were completely free to love each other in the ways we have always wanted. Some day it will be this way.

Did you ever try to express
that which was not expressionable
Or say something
that just couldn't be said
Want something
that couldn't be had
Give something
but didn't know how to give it.
Could you if I said what I felt
Take that which was said and
Want it again
for me to express and say
is wanting to give that which
I want you to want.

—jacquelyn hunt

Birth
love me for a moment
(totally)
And when we part
(let me be fulfilled)
And feel a movement
(from within)
and make
an announcement
of our love
(In living proof)

I wanted to hide my grape
in my girlfriend's navel
But she wouldn't let me
So I searched and explored for a good place
to preserve my grape
I decided that a grape of such fine
quality should rest in the tower of a chapel
until the bells sounded twelve
and then
I'd eat it!



it is when later
becomes sooner
that we ask the question
where has the time gone?
and decide
to answer
tomorrow
